# VAMP

## Vamped-up Classical Entertainment

VAMP is the ultimate classical crossover act with cutting-edge beats, production and visual presentation. These captivating women breathe new life into the classics as they vamp it up with electric strings and sassy style. A featured male physical performer sets this show apart from the rest with mesmerizing fire and/or beautiful fake fire routines.

VAMP's show, with its high caliber performers and stunning costumes, will integrate seamlessly into the flow of your event. The show comes with minimal production, making it easy to perform in a wide range of venues. Available for stage shows, Gala events, corporate dinners, cocktail functions.

Their *vamped-up* interpretations of some greatest and best-loved Classical hits include Beethoven's Fifth Symphony, Winter from Vivaldi's Four Seasons, the well-known Mozart Rondo, and virtuosic gypsy favorite: Czardas. All with exciting & tastefully produced backing tracks.

Add style, sophistication and pure entertainment to your next event with a performance that will leave your audience raving!

The show can be presented with 3 alternatives: Fire, Fake Fire or for maximum impact, VAMP's Premium Show.

### 1. VAMP's Fire Show

VAMP's male fire performer adds an unforgettable dimension to this sophisticated corporate act. Fire poi routines, fire eating and physical theatre are choreographed to the music and enhance the beautiful movements of the string players.

Your event will open or close spectacularly with VAMP'S high-impact, choreographed fire show.

### 2. VAMP's Fake Fire Show

VAMP's unique alternative to fire will enhance your event: illuminated flag poi of various colours (also known as "fake fire") create added interest and visual impact. In fact, it works so well, we often use blue fake fire in conjunction with the fire show for a spectacular contrast!

Red (fake fire) Poi replicates the effect of fire.

The "Blue-Ice" Poi adds atmosphere to Vivaldi's Winter.

### 3. VAMP's Premium Show

Experience VAMP's show with everything thrown in – fire, fake fire, maximum impact choreography. A visual extravaganza with stunning contrasts between the Blue-Ice Poi and the mesmerizing magic of real fire. Not to mention the costumed string players, who interact with this beautifully presented display.
