# HAVANA MOON

For more than a decade, Havana Moon (comprising of six enthusiastic members) has been acclaimed as one of Australia's finest and most exciting corporate bands wowing audiences nationally.

Their success has been attributed to their unique and versatile sound, which ranges from Jazz to the latest 90's dance hits, as well as Rock n' Roll and 70's Disco classics.

Their versatility also means that they cover everything from soft background music to full on dance brackets that will get everyone up on their feet!

Havana moon can also provide up to a twelve-piece big band. Clients can tailor the band for their function's specific needs by adding on a brass and/or percussion.

Band members have played regularly with Deborah Conway, Human Nature, James Reyne, and Daryl Braithwaite and on IMT, Live & Kicking and Hey Hey It's Saturday.
