ENORMOUS HORNS

Many people have tried to describe The Enormous Horns - and most of them have failed. They've been called a smouldering funk band, a brassy soul revue, a hip jazz combo and a wild rock & roll band.

In truth, they're a little bit of all those things - but most of all, they're a party band. From their diverse set list to their hilarious, energetic performances, The Enormous Horns are ultimately dedicated to entertainment.

Combining great musicianship with a highly visual stage show that sometimes borders on the theatrical, the Enormous Horns incorporate everything from current radio hits to the Blues Brothers and Sixties Soul, from Frank Sinatra to Ricky Martin, Glenn Miller to Disco, costumed routines from the Village People and Rocky Horror Show, a "Retro" medley and much more.

For well over ten years now the Enormous Horns have toured Australia, Asia and the South Pacific, attracting a large and loyal following, whilst earning respect within the entertainment industry.

Today, The Enormous Horns are one of the busiest, most successful acts on the Australian live circuit. Their versatility ensures their services are in constant demand for pub gigs, festivals, and corporate and private functions.

The Enormous Horns continue to win over crowds wherever they perform and are consistently requested for return dates.

REPERTORIE

Throughout the band's career we have worked to develop many tunes covering most styles, and continue to update the repertoire with all the current radio hits. This is a comprehensive but not quite complete list, however not all of this material is currently rehearsed. If you have specific requirements, please discuss this with us.
